As we, the Class of 1960, graduate from Barnstable High School, the world about us resounds with the wonders of the Space Age. So that we may remember those who are our leaders today, we have included them in this space capsule in our book.

Time has wrought many changes in man's civilization and even in man himself. His horizons have broadened: he has progressed from clan to community, to nation; and now he thrusts forward to outer space. Even though he has not quite conquered all his problems on earth, he pushes onward. What fantastic changes will the next years bring? No one knows, but man will keep on searching. Perhaps he will find the answer beyond the mountains of the moon. The constant search will be his destiny and his greatest adventure.

# DEDICATED TO..

Miss M. Louise Hayden

We, the class of 1960, gratefully dedicate this *Barnacle* to our class adviser, Miss M. Louise Hayden.

Miss Hayden has been more than a teacher or adviser; she has been a wonderful friend—one to whom we could turn with our questions and problems. No matter how busy she was, she always stopped to listen; and soon in her cheerful and efficient manner, she would find a solution for us. Her loyalty and devotion, the time and work she has spent are an inspiration to all of us. To her, we dedicate this *Barnacle*, and our deepest appreciation.

*Efficient...Gracious...Understanding*

# *Our Frontier - The Far Reaches Of The Universe*

Since time began, man has been faced with frontiers. He had to subdue wild beasts with his clubs and cunning; he had to find a means of communicating his thoughts to his neighbor. He learned how to travel over the seas; he discovered new lands across those seas. Under the watchful eye of God, man has progressed, frontier by frontier.

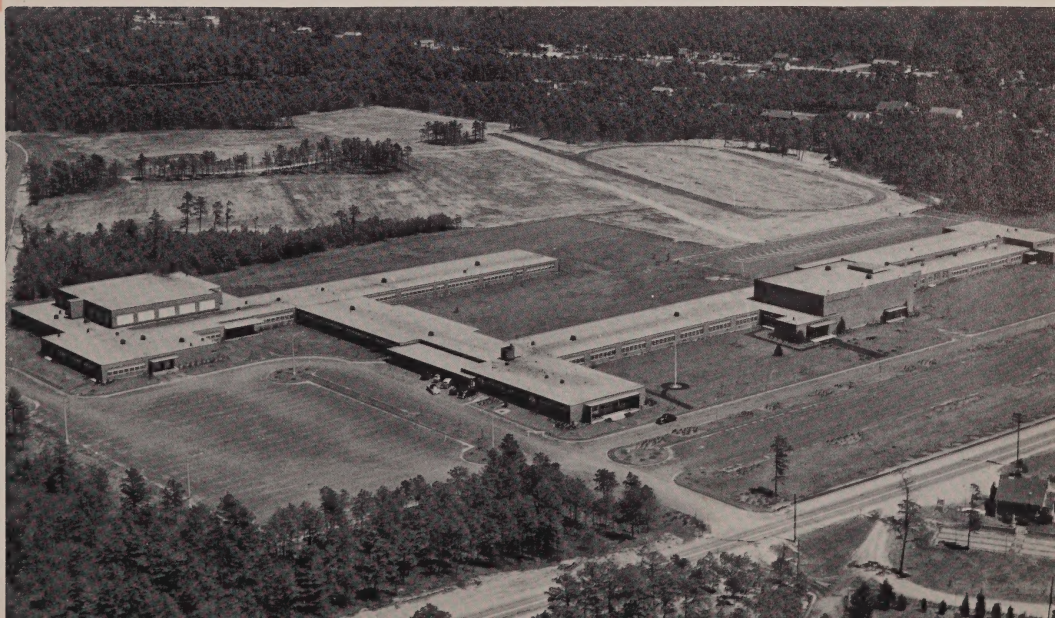

Now, man studies the expanse of space as well as tiny particles nearly spaceless. He muses over his beginning; he is awed at the thought of his end. At this time, God, the creator of outer space, has placed it before us as a new challenge. The 1960 *Barnacle*, then, presents a portrait of *SPACE, THE NEW FRONTIER*.

## "THE EDGE OF TOMORROW"

The four years past have become a silhouette to us now. Then, as freshmen, high school seemed dark and mysterious; now, as graduates, the four years seem to have been filled with activity, illuminated by both fun and knowledge. These two figures represent us all, talking of the future, making plans for the life ahead—the new life, the good life—the life challenged by SPACE, THE NEW FRONTIER.

## *We appreciate our*

We should like to express our appreciation to our Superintendent of schools and the Barnstable School Committee for the education they have offered us.

Each of us has a goal in life, and our school years have helped to prepare us for this goal. Every step has opened up new vistas, new concepts, and new knowledge. Mr. Broadbent, the School Committee, and the office staff have helped pave these steps so that we might ascend with a sure footing.

## ADMINISTRATION

Office Staff: Mrs. Mary Wisenor, Mrs. Olga Leeman, and Mrs. Barbara Howland

The Class of 1960 leaves Barnstable High School with sincere gratitude and respect for our principal, Mr. Connor. His devotion to duty on our behalf has always been an inspiration to us all. When we needed control, he ruled firmly; when we needed to make decisions, he taught us to use our own judgment and discretion in evaluating each problem. Looking back on these years, we become serious when we realize that our principal could care so much for our well-being.

Mr. Connor's farewell words to last year's class were "This is the Omega and the Alpha, the end and the beginning." For us it may be the beginning of a different life, but it cannot be the end of what has truly been an inspirational friendship. To Mr. Connor, then, we indeed offer a heartfelt "Thank you."

Mr. Brian K. Connor

*friends*

Mrs. Towey, the faculty adviser of the 1960 *Barnacle*, deserves a vote of thanks from our class not only for her guidance in the production of this book, but also for the friendliness, humor, and understanding which have taught those fortunate enough to work with her many lessons of life. Her advice and experience have glossed each page with a quality sheen—a sheen illuminating the wonderful life of the past four years.

Mrs. Catherine D. Towey

Mr. Frederick M. Hodge

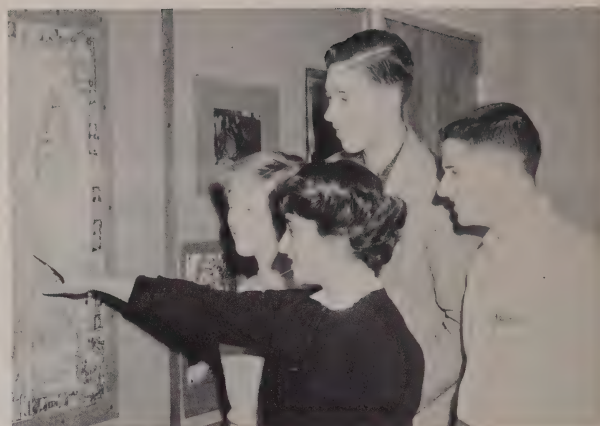

Mr. Hodge has been a true friend to us in many, many ways. As Director of Curriculum he has kept the Barnstable curriculum on the crest of the wave of education. As counsellor and friend, he has always manifested a warm sincerity that has set at ease those who have consulted him. Both as a class and as individuals, we are indebted to Mr. Hodge for his interest and concern.

# BARNSTABLE HIGH SCHOOL

Man's exploration of space is a series of frontiers which he must conquer. After he reaches the moon, he faces the challenge of reaching other planets and even other galaxies. Space stations will be set up, each one a step nearer to his goal.

Man may build many of these stations, but it is the first that offers the greatest challenge. Even though he has advice and knowledge, he must make decisions and learn by experience. Many of the problems he faces, he will meet again. And so it has been with us as we conquered the first frontier in our lives, our first step toward the future—high school.

In September, 1954, students from the various villages gathered together in the same school for the first time. Little did we realize then that many of those strange faces would become lasting friends. The only activities open to us at that time were band and orchestra.

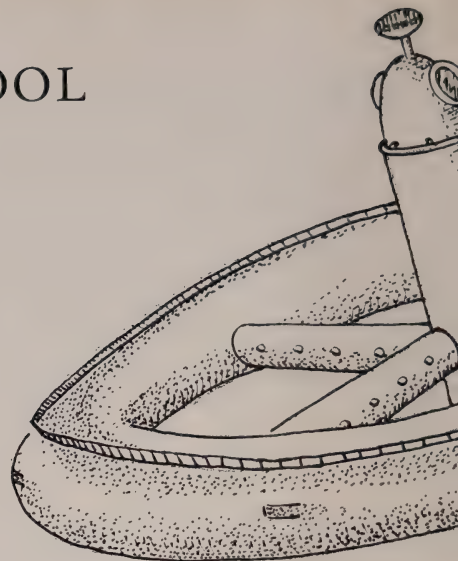

In the eighth grade, under the direction of our adviser, Mr. Harry Vatousio, the '60 Club was formed. That year we held our first dance, *The Sadie Hawkins Swing*.

Ninth grade brought some changes; we were allowed to choose our own courses and take Iowa tests. With Mr. William Fratus as our adviser, the '60 Club put on *The Aqua Hop*. Reigning as queen over this dance was Susan Niles. During this year we were saddened by the death of a beloved teacher and friend, Miss M. Charlotte Mahoney.

The fall of 1957 found us in a new school with Mr. Briah K. Connor as principal. We formed a class and under the direction of Miss Louise Hayden, our new class adviser, we held elections. Richard Scaramelli was elected president; Teresa Bowes, vice-president; Margaret Dolan, secretary; Regina Lahteine, treasurer; with Robert Bennett and Donald Smith serving on the student Council.

On May 27, eight of our classmates were inducted into the National Honor Society; Teresa Bowes, Beverly Byers, Susan Francis, Janet Greene, Regina Lahteine, Susan Nye, Richard Scaramelli, and Marcia Trimble.

During that year, the Hyannis Rotary Club founded the Barnstable High School Code Club. Charter members from our class were Teresa

Bowes, Beverly Byers, Jan Cook, Susan Francis, Regina Lahteine, Susan Nye, Marcia Trimble, and Joan Tulis.

For our fund-raising project, we sold bookends. Our class dance was the *Sophomore Hop* at which Teresa Bowes reigned as Queen of Hearts in the Valentine theme.

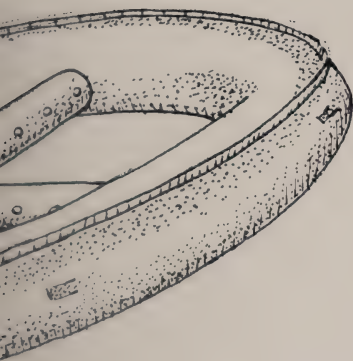

Our junior year was filled with many memorable accomplishments. We received our class rings—signifying that we had attained the position of upperclassmen. Our class officers were Bruce Woodruff, president; Teresa Bowes, vice-president; Margaret Dolan, secretary; Regina Lahteine, treasurer; and Student Council members Robert Bennett, Susan Nye, and Donald Smith.

Leslie Hall and Pamela Little were named Key Club Sweethearts. Teresa Bowes was our representative to Girls' State; Robert Bennett and Bruce Woodruff, representatives to Boys' State. Teresa Bowes, Beverly Byers, Bruce Carlson, Richard Scaramelli, and Bruce Woodruff were delegates to the American Model Congress in Springfield.

The biggest event of the year was the Junior Prom with *My Blue Heaven* as its theme. Pamela Little was chosen queen, with Carol Bowes, Patricia Gagne, Laurie Hall, and Leslie Hall as her court. The music was provided by Mel Von's orchestra.

# SOLAR-PLANETARY CHRONICLE

Money-raising projects that year were the sale of fudge, two cake sales, the sale of bookcovers, and our Valentine Dance.

Our Key Club was honored by having its vice-president, Donald Smith, chosen as Lieutenant-Governor of the district.

Finally in September of 1959, we entered our senior year. Miss Hayden was again our class adviser with the same class officers. Donald Smith was elected president of the Student Council with Susan Nye, Richard Scaramelli, and Joan Tulis as senior representatives.

Our class had several "firsts"—we were the first to form an executive board, to take mid-year exams, and to have a senior prom. Because of the difficulty in scheduling class meetings, two representatives from each home room and one from the trade school served on an executive board to formulate plans. The mid-years were given to all college course juniors and seniors.

Our prom, *The Senior Sno-Ball*, had a winter theme; and again Mel Von's Orchestra provided the music. Our queen, Mary Connolly was attended by Lee Case, Kathleen Flanagan, Barbara Houle, and Pamela Little.

Under the direction of Mr. Edward Barry, the Camera Club was formed.

Teresa Bowes was the recipient of the D. A. R.

Good Citizenship Award, and Robert Bennett represented our school in Student Government Day. Walter Hall achieved the distinction of being named a Merit Scholar Semi-finalist out of 550,000 participants in national competition. Janet Greene, William Kelly, Donald Smith, and Marcia Trimble received Letters of Commendation.

The Senior Class Play, *Icebound*, was presented under the direction of Mr. Elliott MacSwan. Miss Katherine Nehubian directed the Senior Variety Show.

The magazine campaign, the concession committee at football and basketball games, and the selling of football programs were our projects for the year.

The *Barnacle* Literary Staff was led by Richard Scaramelli, editor-in-chief, and Mrs. Catherine D. Towey, adviser. *Space—the New Frontier* was selected as the theme for the book.

Barnstable High School was honored by the visit of an exchange teacher, Mr. Raghunath Prasad Sharma from Agra, India. Our school was one of nine schools in Massachusetts selected to participate in the International Teacher Development Program.

School spirit reached its peak on February 19 when both the girls and boys basketball squads won the Cape championship in the Cape Cod Principals' Tournament.

Our twelve years of school are now over; our first major frontier has been conquered. Members of the class will separate and go on to various worlds—some to college, some to work, others to marriage. But with each one is the immense satisfaction of having met the challenge.

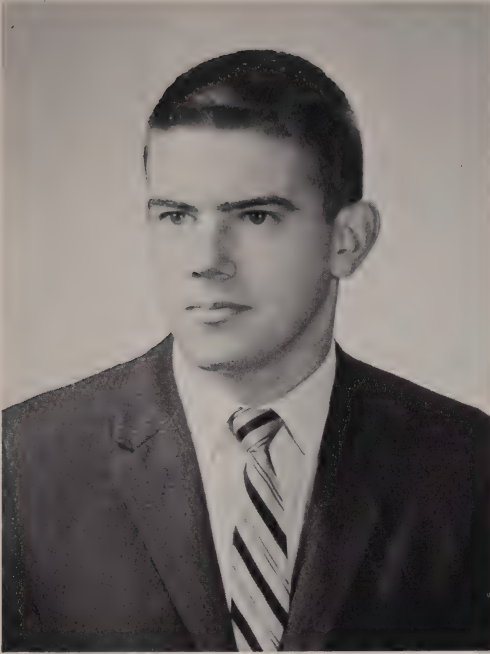

In the same way, having completed the space station, the explorer does not want to remain there. The first will lead and prepare him for bigger and better worlds to come. Man looks back on his accomplishments and views them with pride, together with anticipation of what lies before him.

# SENIOR CLASS -

**ROBERT BRUCE WOODRUFF**

*"I shall not fear the everlasting shadows"*

Our popular class president has all the marks of a respected leader: ambition and cooperation; willingness to teach and listen; always ready to help, yet humble enough to know when he should accept help. His powerful voice has led every class meeting through the crises; his fighting heart and indomitable spirit have inspired a football team to its greatest heights; his mere presence and humor have kept his class tightly woven together.

Bruce paves the way in good appearance—just being permitted to see another morn, another day, is enough reason for him to wear a suit to school (with a well-chosen tie, you can be sure!)

Fairness, fitness, and fun—accented by a clear-thinking mind—have earned our president his number one rating in both leadership and popularity.

**TERESA MARION BOWES**

*"Her mien was stately."*

One of the most versatile students at Barnstable, our vice president beams of success in everything she pursues. Terry is an avid sports fan, and she has certainly proved it as girls' basketball captain and as a very important player on the field hockey team. Aside from the sports world, Terry has shown herself to be exceptional in other phases of school life, for she has been president of the Code Club her senior year, a member of the National Honor Society for three years, and vice president of the class for three years. With a high school background as impressive as hers, Terry should have little trouble finding success at college and in later life.

# OFFICERS OF 1960

## MARGARET FRANCES DOLAN

*"Affection warm, and faith sincere, and soft humanity are here."*

If she isn't talking on the phone or listening to Johnny Mathis, Peggy is probably off at a meeting, out on a Code Club project, or just driving around visiting her many friends. She is in the college course with a mild passion for Algebra, and is an excellent guard on the basketball squad. Winning the championship game was a great moment in Peggy's life. She loves to dance and she can literally keep going all night, as she has proven several times. Every summer finds Peggy behind a cash register at the Stop and Shop. Next year, however, she hopes to be at college, and knowing her winning ways we are sure she will make it.

## REGINA KATHERINE LAHTEINE

*"Look at her—there she sits upon her throne as ladylike and quiet as a nun."*

Regina is one with many talents. She is an excellent student in the business course and achieved membership into the National Honor Society in her sophomore year. Regina is always willing to lend a helping hand and is constantly either keeping track of the Senior class treasury, planning new ideas for the Osterville C. Y. O., supporting Code Club projects, or working on the Concession for the Senior class. Whenever the class is in need of an artistic hand, Regina comes to the rescue. She plans to further her talents in the field of art after graduation. No wonder we feel lucky to have Regina in our class!

## HELEN MAE AMADO

*"Gentle of speech and beneficent of mind."*

Lamb stew, cigars, and the color ink—these are Helen's pet peeves. Quiet, patient, and gentle, Helen has unselfishly helped many people in the past two and a half years while working at the Cape Cod Hospital. She enjoys collecting pictures, bowling, basketball, and Mr. Howes' Problems class. "Nane" hopes to work in New York City next year.

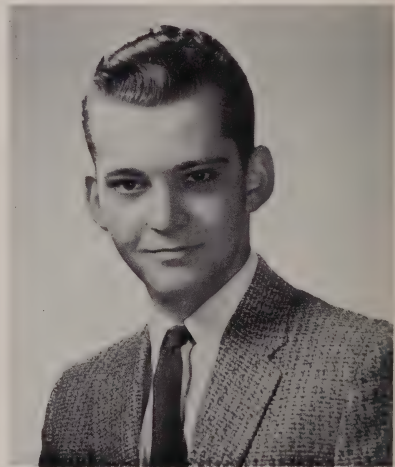

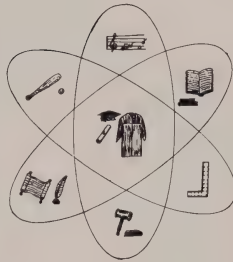

'60 Club 1; Bowling 2.

## HARRY ALAN ASHLEY

*"As merry as the day is long."*

Hockey in the winter, and cars the rest of the year, are the dominating factors in Harry's life. "Crow" is truly a man of action, whether driving a hockey puck into the goal or tuning up the engine in his well-known auto. An old salt from way back, Harry should do well in the Navy next year.

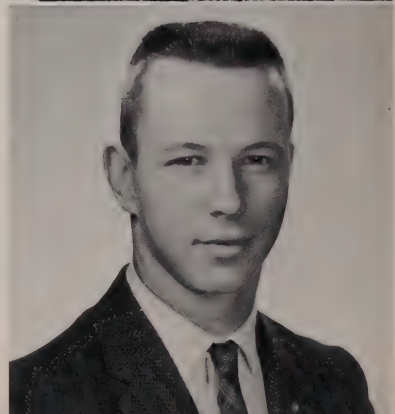

## ALAN BAKER

*"Deeds, not words, make the man."*

Alan, a student in the Auto Mechanics course in the Trade School, is a young man always looking to the future. He likes to know just where he's going and what he's going to find when he gets there. His favorite sport is baseball, but he keeps himself busy working after school. Next year will see Al in the service fulfilling his military commitments before settling down.

### Trade Council 2.

## ROBERT GORDON BENNETT

*"Gentle in manner; firm in reality"*

Bob is one of the most versatile members of our class. Not only is he usually found on the honor roll, but he has been an outstanding athletic figure in baseball and football since his freshman year. It was no surprise to all who know him when Bob was picked to represent Barnstable High at Boys' State last year, and Student Government Day this year.

### DIANNE AGNES BISHOP

*"A strong and independent mind"*

Dianne's helpfulness has made her a greatly respected member of our class. This helping others is not a quality she reserves for school alone, either, since she plans to go into nursing next year. With an even disposition and friendly smile to aid her, Di has every right to expect her wish of being head nurse at a major hospital to come true.

Dramatic Club 2,3; Junior Prom Decorating Committee 3; Valentine's Dance Decorating Committee 3; Field Hockey 1.

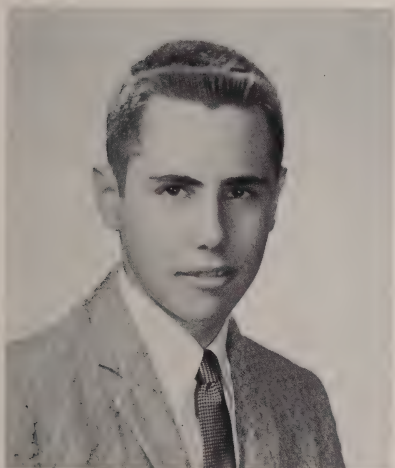

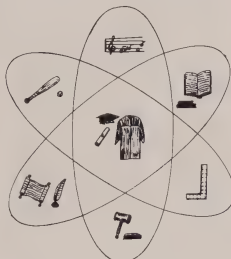

### DOROTHY JANET BLACKBURN

*"Her eyes as stars of twilight fair"*

Catch sight of those nifty glasses and that devilish grin, and you feel the whole effect of Dottie's bubbling personality. Her enthusiasm and fun-loving spirit are what make her blue eyes sparkle so. Dottie came to B.H.S. this year from the land of the Pilgrims where she was President of the Plymouth High School Student Council and where she served as Worthy Adviser of Rainbow.

### MERRILL ALVIN BOOKSTEIN

*"Every man will be thy friend"*

Well-known for his sense of humor and easy-going outlook on life, "Bookie" always has a joke for everybody. Before coming to Barnstable, he was a member of one of the few choirs to boast participation in an All-State concert. When not singing, or bringing life to a party, Merrill may often be found playing either of his two favorite sports—basketball or baseball.

### GILBERT RAYMOND BORTHWICK

*"All may have, if they dare, a glorious life"*

Gilbert, a member of the Trade School, found his meeting with Mr. Nystrom, instructor of the carpentry course, a memorable occasion. With a garage full of mechanics' tools at his disposal, Gilbert spends his spare time buying automobiles, repairing them, and selling them at a profit. A lover of the outdoors, it is not uncommon to find him stalking game in the Cape woodlands.

## Success in the future

### PATRICIA ANNE BOTELLO

*"Heaven such grace did lend her."*

With her great ability and drive in sports, Pat has become a well-known personality among the girls' teams. When not swimming, playing basketball, field hockey, or soft ball, she finds another of her favorite pastimes in dancing. After high school, Pat hopes to begin a career in modeling, become a stewardess on an airliner, or be married in Hawaii.

### CAROL MARIE BOWES

*"Quiet, sweet and ladylike."*

Carol, who hopes to become a nurse next year, loves to listen to the dreamy music of Johnny Mathis, read, dance and gab on the telephone. She'll always remember her Junior Prom and drivers' training course. Carol has participated in Platter Party, C.Y.O., and her church choir. We hope her choice of the "Millionaire" as her favorite television program won't scare off any prospective husbands.

Bev's ideas and writing ability have made her an excellent writer in journalism and a valuable member of the *Barnacle* literary staff. She achieved membership in the National Honor Society during her sophomore year and has remained a member in good standing since that time.

## BETSEY JANE CABRAL

*"Here dwell no frowns nor anger"*

Betsey, a bundle of spirit, is one of the staunchest supporters of the teams in school. Rain or shine, you can find Betsey on the sidelines or in the grandstands cheering the Barnstable team onward. She is especially enthusiastic about another sport—ice skating—so we frequently see her skating. After graduation Betsey would like to continue her schooling to become a nurse.

Beth wishes to study sociology at college and become a social worker when she graduates.

## CATHERINE BOYNE CAMPBELL

*"The fairest garden in her look"*

Cathy, whose pleasing personality and willingness to work have made her a very popular figure the past four years, has been one of our school's most ardent sports followers. Besides this interest in school events she is a tremendous ice-skating enthusiast. Knowing Cathy as we do it was no great surprise when she announced her plans for going to modeling school next year.

## BRUCE FREDERICK CARLSON

*"True to work, word, and friend"*

Bruce, whose name constantly appears on the Honor Roll, still finds time to participate in many student activities. Outside of school he takes an active part in DeMolay, Youth Fellowship, and Boy Scouts of America. Through all our high school years, his clear thinking has commanded respect from fellow students. If not troubleshooting a faulty radio or television set, he may often be found playing basketball at the Recreation League games. With his quiet sense of humor and amiable personality, Jeff has won many friends in Barnstable High School.

### LOUISE JEANNE CLEMENT

*"Shall I compare thee to a summer's day?"*

Lou, who is always "just having fun," came to Barnstable High School from Sacred Heart High School in Kingston, where she was President of her class in her sophomore year. Mary has been very active in C.Y.O. and was honored this year by being chosen Representative from Hyannis to the Bishop's Charity Ball. Besides being captain of the championship field hockey team for two years, she has also been active in softball, basketball, swimming, and skating—and she loves to hunt! With all this athletic ability it's not surprising that Jan plans to major in physical education in college next year.

Joyce, in her daydreams, sees herself as a top ballet artist — possibly even Jose Greco's leading lady. Daintily tripping through the corridors, Joyce shows her graceful talent for dancing. ## RONALD JOHN MONTCALM

*"I am sure care's an enemy to life"*

Rolly loves to work on engines. A thing that irks him is to be out-distanced by some young hotrodder with a faster car than his. He is a popular member of the Trade School with his sense of humor and ready wit. All his electrical skill will come in handy next year when some branch of the service welcomes him into the ranks.

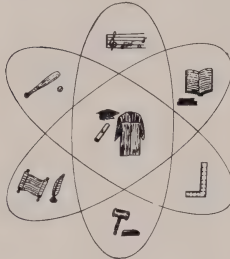

## NICHOLAS COOLIDGE MOORE

*"The highest manhood resides in disposition"*

You can't miss Ronald when he's walking down the corridor, for with his six-foot-four-inch frame he stands head and shoulders above the crowd. If you happen to visit the art room at the right time, you may find him surrounded by oil paints with a striking canvas before him. Ronald hopes to use his talent someday as a commercial artist.

The youth replies, 'I can' "*

S., he plans to join the Navy.

A young man with many ideas, Donnie has sometimes been called by his fellow students "Mr. Connor's assistant." He has an avid interest in science, math, and world affairs.

## KEY CLUB

Citizenship, initiative, leadership, and responsibility—these are the traits of a member of Key Club, an international service organization numbering 48,000 members. Our own club was best in New England last year, and won three awards again this year. One project this year was sponsoring the Massachusetts State Key Club Convention on December 19.

Officers were Donald Smith, president; Bruce Woodruff, vice-president; Marc Auger, secretary; and Richard Scaramelli, treasurer. Key Club Sweethearts were Pamela Little and Leslie Hall, and Mr. Arnold Rogean was faculty adviser.

"Let's get going on the service projects, girls!" urges Code Club adviser Miss Helen Jones.

## CODE CLUB

The Code Club, a girls' service organization sponsored by the Rotary Club, enjoyed a very successful year with many service projects and social activities. The Club also became recognized by Rotary International.

Officers were Terry Bowes, president; Joan Tulis, vice-president; Mary Jane Murray, sec-

retary; and Peggy Dolan, treasurer. The Board of Directors included the officers and Jan Cook, Joy Kittila, and Dianne Ballard. Miss Helen Jones served as faculty adviser.

It was decided this year to have new members chosen by a vote of the club itself and the faculty.

## NATIONAL HONOR SOCIETY

The National Honor Society endeavors to uphold scholastic standards and to encourage scholarship. Members are chosen on the basis of scholarship, character, leadership, and service. Seventy-five percent of their marks must be A.

The Barnstable High School Chapter was established in 1954 with Mr. John J. Kilcoyne as the adviser. Given the opportunity this year to nominate an outstanding American to the Hall of Fame, they chose George Washington Carver.

## STUDENT COUNCIL

The problems of the Space Age, the troubles of the school, the suggestion of the very newest freshman—all are placed before the Barnstable High School Student Council in one of its executive sessions. Highlight of 1960 was serving as host to the Convention of South-Eastern Massachusetts Student Councils, attended by 300 students from some 45 schools.

# BARNACLE LITERARY STAFF

The *Barnacle* has given many members of our class a chance to contribute their particular talents and skills to produce, in tangible form, a record of our four years together. The advertising staff raised the money we needed; they themselves, through their contacts with merchants of the town, have been a good ad for our school. The typist, led by Marsha Dolloff and Frances West, have prepared the copy with almost unbelievable accuracy and attention to detail. The work of the art staff has added interest and zest to our book. The literary staff has not only written all the copy, but has organized, edited, and put together the book as a whole.

As we face the exciting challenge of a new decade and a new frontier, those of us on the *Barnacle* staff realize that we have also had not only the pleasure of sharing four happy years, but also the satisfaction of having helped to preserve them.

*Barnacle* adviser Mrs. Towey discusses layout with Beverly, Susan, and Carolyn.

Early papers of the town as seen in the Hyannis Public Library were nothing like our *Barnacle*!

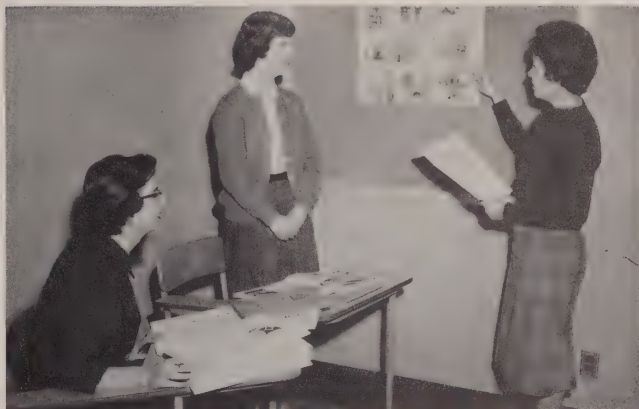

Marcia, Janet, and Bev consult last year's *Barnacle*.

Frances West and Marcia Dolloff, heads of the *Barnacle* typing staff, have done much of the typing for our book. We owe them many thanks for the hours they have spent and for the accuracy of their work.

"That's a good idea," says Kathy to Carolyn and Linda.

## JUNIOR PROM

The Grand March.

From the first hello to the last good-bye.

"Catch a falling star and put it in your pocket; never let it fade away," suggests a popular song. Certainly one of the brightest stars of our high school years is the memory of the Blue Heaven of our Junior Prom.

## ORCHESTRA

This talented group of musicians, under the direction of Mr. Simon Gesin, play for our assemblies and graduation. Together with the chorus they have presented many enjoyable holiday programs. Their repertoire ranged from waltzes to marches; tangos to Christmas carols.

Two members, Gloria Lamminen and William Southworth, participated in the Southeastern District Music Festival. William Southworth also played in the All-State Music Festival with the Boston Symphony Orchestra.

## FUTURE FARMERS OF AMERICA

The Future Farmers of America, a national organization of boys interested in farming, are taught the newest scientific methods in dealing with agricultural problems. Mr. Arnold H. Rogean is their faculty adviser.

This year the group conducted a forestry project, prepared Christmas greens for the school, and participated in and won the Inter-scholastic Judging Contest. The main project of the year was the propagation of wood cuttings in the greenhouse.

With a crash of cymbals, and a sound of horns, the Barnstable High School Band heads off under the able direction of Mr. Robert Frazier. These hardworking young musicians have done a wonderful job in stimulating the enthusiasm of fans and team alike. Their rousing selections at rallies and football games have done much toward heightening school spirit and urging the team to greater efforts. Although relatively small in size, they are big in intent; and their work has been a credit to the school.

"When the Saints Go Marching In . . ."

O say, can you see . . . what the *Raid-ius* says about the chorus.

Under the direction of Mr. Simon Gesin, our Music Director, the chorus presented four concerts for the students and faculty this year. This was the first year that the chorus was open only to girls. The thirty-four members, consisting only of junior and senior girls, had to audition for Mr. Gesin in order to be chosen.

# STARRING SOME

## MR. LEO SHIELDS

The Class of 1960 wishes to congratulate Mr. Shields who was named assistant principal of Barnstable High School this year. We are proud to have such a friend as Mr. Shields move into the executive segment of the school.

## MRS. CAMILLE BEALE

We are indebted to Mrs. Beale for her co-operation in handling the business end of the *Barnacle*. She certainly deserves our thanks, for it was through her drive and industry that this classbook was paid for.

## JOHN HIGGINS

The *Barnacle* appreciates the assistance that John Higgins gave in the art work of this classbook. Although John returned from Florida late in the year, his artistic talent and imagination have added humor and meaning to this edition of the *Barnacle*.

## MR. THEODORE GLOVER

This graduating class wishes to say goodbye also to Mr. Glover, principal of the Barnstable Vocational School. Under his supervision, eleven members of our class have been readied for their chosen trades. We therefore, thank him for his contribution toward the success of the Class of 1960.

## MR. FREDERICK CAMERSON, Janet, Priscilla, and the CAR

Another of the many school services for which we are grateful is the driver education program. Many of us owe our driving skill and knowledge of driving safety to Mr. Cameron, and we thank him for making us better citizens on the road.

## MISS ETHEL AIKENS giving an audiometer test

A woman to whom we owe very special thanks is Miss Aikens as head of the health department. By means of eye, ear, nose, and throat check-ups, plus physical examinations, our health has been under her careful eye throughout high school.

# B.H.S.-TRONAUTS

## ART ADVISER, MR. VERNON COLEMAN

Mr. Coleman has helped the class in many ways—helping make posters, letting us use the art room, and above all, bringing out the best in our artistic talent. Here he supervises some of our senior girls in an informal class.

## HEAD CHEF, WILLIE FRECHETTE

Willie Frechette, as head chef, has always amazed us with his skill in preparing meals for so many stomachs. Here he poses with Mrs. Minna Place, chief dietician, Mrs. Ella Hallett, Mr. Frechette, Mrs. Elizabeth Chaurette, Mrs. Elsie Hautanen, Mrs. Alice Curtis, and Mrs. May Dalrymple.

## BUS DRIVERS, WILLIE AND HIS "GIRLS"

Here are the bus drivers we were so reluctant to meet in the morning and so glad to see in the afternoon. James Shields, William Perry, Richard Lewis, Antone Souza, Anthony George, Walter Scudder, Kenneth Greene, William Jones, and David Hammett have endured our antics so patiently for four years that it is hard to say goodby to such friends.

## THREE OF OUR MAINTENANCE STAFF

Some of our best friends during high school have been the janitors. Headed by Mr. Harold Anderson, they have done everything from keeping the classrooms warm to helping decorate for the Junior Prom. (And keeping the lunchroom windows clean! Here are Mr. William Perry, Mr. Thomas Doran, and Mr. Harold Anderson.

## OFFICE STAFF, MISS BEATRICE SYRIALA AND MISS CAROL CAMPBELL

Miss Beatrice Syriala and Miss Carol Campbell have always helped to keep our school lives running smoothly. They have had to answer more of our questions than some of our teachers, and their patience and courtesy will not be forgotten.

# TRADE SCHOOL

The Barnstable Trade School offers courses in carpentry, boat building, plumbing, electrical work, and auto mechanics to any boy on Cape Cod who can pass the required entrance examination.

The council of the Trade School is governed by Norman St. Pierre, president; Robert Amaral, vice-president; and John Miller, secretary. Serving as council advisers are Mr. Robert Welch and Mr. H. Ray Ellis.

A house constructed on Craigville Beach Road by the carpentry and electrical sections of the Trade School was the principal project of the year.

# FOOTBALL

Coach Harold Hanewich spent his first year of coaching at Barnstable instilling a system of hard fight and speedy football. With the aid of assistant coaches Richard Gleason and Francis Dwyer, a smoothly-running unit was formed.

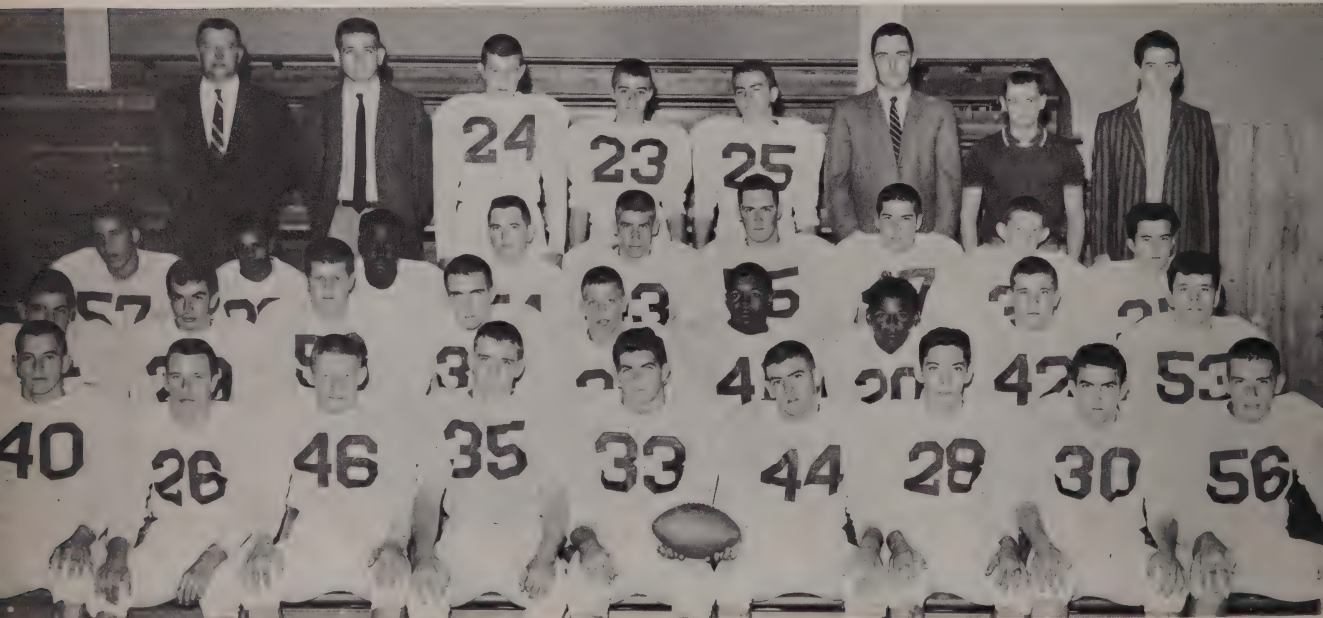

"Oh, the day was dark and dreary . . ."

Catch him, John.

Hampered by recurrent injuries to key men, Coach Hanewich weathered the storms through the spirit of co-captains Billy Dow and Bruce Woodruff; the versatility of Bobby Bennett; the hard defensive play of Peter Nese and Bill McEvoy; the hustle and determination of Bill Kelly and Paul Field; the spectacular punting of Johnny Scudder; and the flashy running of halfback Joe Hassett.

## SOCCER

With seven lettermen returning, Coach Charles Howes' combine was expected to have a big year in 1959, but the loss of last year's high-scoring captain, Gordon Pyy, was a severe blow. However, under the leadership of co-captains Robert Delano and Douglas Mitchell, the team won once over Falmouth and tied two games. Steve Sremaniak led the scoring with five goals. Ramon Stackhouse and Bob Delano were elected to the Cape League All-Star Soccer Team.

# BOYS' BASKETBALL

Although the boys' basketball team started the season very slowly, the boys broke fast through the end of the year in the true form of champions, winning the semi-final and final games of the Cape Cod Principals' Tournament with exciting, razzle-dazzle, well-maneuvered basketball. Their success stemmed from an attack well-balanced from every angle.

Coach Francis Dwyer worked hard to combine the height of Wes Ward, the defensive ability of Johnny Scudder, the sharpshooting of Bobby Sears, the teamwork of Bobby Delano, and the fighting spirit of Ray Stackhouse and Paul Bisbee into a sparkling unit.

Bob Sears was honored by being elected to the first-string All-Cape team, Bobby Delano and Johnny Scudder to the second-string, and Mr. Dwyer being named Coach-of-the-Year.

## GIRLS' BASKETBALL

Under the able coaching of Miss Kay Nehubian, the girls' basketball team remained undefeated all season. These girls put in many hours of hard practice after school and on weekends to achieve their goal. In the eleven games played, a total of 592 points were scored against 304 for the combined opposing teams.

The sharp-shooting forwards averaged 54 points per game, while the guards kept the opposing teams well under control.

On February 19 hundreds of spectators filled the Barnstable gymnasium to watch our team battle against Nauset for the Cape Championship; and for the second consecutive year our team won the title this year by 46-31.

## ICE HOCKEY

In its second year of organized play, the Barnstable High School hockey team has been playing teams from the Greater Boston Interscholastic League and the Metropolitan Ice Hockey League. Although facing such strong and experienced competition, the team, led by Captain Peter Nese and Assistant Captains William McEvoy and Peter Robinson, proved itself no "soft touch" for off-Cape teams. Coaches Elliott MacSwan and William Naylor established an intramural league playing twice weekly on the Kennedy rink.

It took a lot of hard work and team spirit to make our Field Hockey team. Under the tutelage of Coach Kay Nehubian, the Barnstable girls captured first place again this year. They have been undefeated every year since their first season three years ago. Even with the problem of having to go to the Junior High School field every afternoon to practice, they soared on to victory again.
